

# ENGLISH

Students will be focusing on developing their oral language through nursery rhymes. They will practise identifying rhyming words and the breaking of words into syllables. Students will be focusing on basic book conventions such as reading from left to right and identifying the differences between a letter and a word. Students will build their knowledge of alphabet sounds and sight words through big books and will practise writing simple sentences using the correct pencil grip.

# KINDY 2020 TERM 1 OVERVIEW

## PDHPE

We are focusing on a program called 'Fun Friends'. This focuses on different feelings and learning how to recognise these feelings in ourselves and in other people. Students will work on developing social skills and how to interact with other people. In sport, we are focusing on fundamental movement skills such as skipping, hopping and catching.

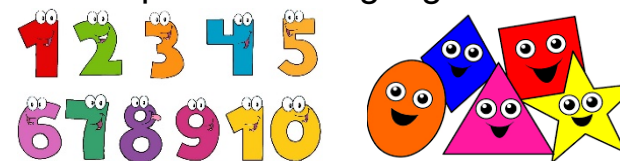

## CAPA

Kindergarten will be focusing on music. Students will engage with songs, body percussion and instruments to learn about beat, rhythm and pitch.

# MATHEMATICS

Students will be exploring whole number concepts such as identifying and writing numbers, counting forwards and backwards and making groups in a range of 1–10. We will be looking at identifying two dimensional shapes, comparing objects that are heavy and light and making simple patterns. Students will also be focusing on explaining where an object is using positional language.

## SCIENCE

Students will be learning about the weather. During the term we will observe and investigate how changes in the weather and different conditions impact on our daily lives and the clothing choices that we make. We will observe and discuss seasonal changes throughout the year.
