

ENGLISH

Students will be focusing on IMAGINATIVE WRITING.

During the term, they will also be taking part in an Author Study of Aaron Blabey concentrating on the concepts of character and narrative.

In addition to this, students will be exposed to various opportunities to enhance their speaking and listening skills.

YEAR 4 2020 TERM 1 OVERVIEW

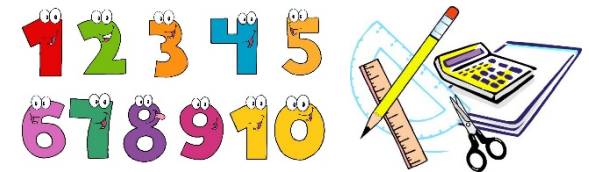

PDHPE

In PDHPE, students will learn to explain how empathy, inclusion and respect can positively influence relationships. They will also practise skills to promote inclusion and ensure that all students feel as they belong.

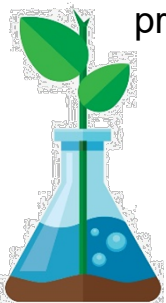

MATHEMATICS

Students will be exploring the topics of whole number concepts such as rounding, partitioning and comparing numbers, using and performing money calculations and a variety of addition and subtraction strategies. In the measurement strand students will be focusing on angles.

SCIENCE

Students will be exploring the Living World strand of Science and will gain a deeper understanding of the agricultural processes that are used to grow plants and raise animals for clothing, food and shelter. In addition to this, they will be taking parts in scientific experiments and challenges.

CAPA

Students will be taking part in Visual Arts lessons. They will be focusing on different artists, styles and features from around the world. In addition to this, they will be creating a series of different mediums of art works using a variety of materials.

HISTORY

Students will be exploring the First Contacts of Australia as part of their History unit. They will learn to describe what life was like for the Aboriginal and Torres Strait Islander People during the British colonisation of Australia and the journeys taken by settlers of Australia.
