THE GREAT
ADVENTURE

Our school is lucky enough to have Australia's ONLY accredited mobile dentist attend every 6 months

Seeing the dentist every 6 months is so important for children. A recent Royal Children's Hospital study highlighted the following:

- 1 in 10 Children have had at least one decayed tooth extracted before the age of 9 years
- 1 in 3 children between the ages of 5 and 6 years have symptoms of decay in their baby teeth
- 4 in 10 children aged 12 – 14 years have decay in their permanent teeth.

Studies have confirmed that poor dental health impacts on the growth & development of the child along with chewing, swallowing, speaking and can disrupt sleep and productivity. Over time, dental decay has been linked to heart and pulmonary disease, respiratory tract infections and chronic ongoing pain.

OUCH!

Great news – you maybe eligible for free dental

You may not be aware but the Government supports Oral Health via the Child Dental Benefits Schedule (CDBS) – providing 2 years of free dental up to the value of \$1,000 per child, aged between 2 and 17 years. To be eligible you must be receiving *Family Tax Benefit Part A*. Complete the Teeth on Wheels consent form and our team can advise of your eligibility or contact Medicare General Enquiries direct on 132 011.

We are making the dentist even easier!

Follow the link below to complete your child's online consent form today. By filling out your consent form online you are saving yourself time and helping the Teeth on Wheels team become more environmentally friendly.

teethonwheels.com.au/consent-eform

Remember that consent forms only need to be filled out once per calendar year unless your details have changed.

HILLSBUS ANNOUNCEMENT

There will be service adjustments for Hillsbus public routes from 17th November 2019. Most services will have a timetable change. There will also be some path changes to Route 602X, 606, 612X, 617, 626, 635, 642X and 652X.

We advise all students to check their services before travelling. For more details about the coming changes, please visit www.transportnsw.info

We remind students they must have a valid Opal card to travel on school buses, and must tap on and off morning and afternoon.

SunSmart Snippet

The simplest way

... to know when sun protection is required.

UV is not like the sun's light which we see, or the sun's warmth which we feel. Our senses cannot detect UV so it can be damaging without us knowing.

Protect yourself in five ways when the UV is 3 and above.

Sun protection is required today from _____ to _____
Maximum UV Index _____

Access the daily sun protection times via the free SunSmart app at www.sunsmart.org.au

When UV is 3 or above you need to SLIP, SLOP, SLAP, SEEK, and SLIDE!

Go to www.sunsmartnsw.com.au/resources to download our free resources to document your local daily sun protection times and help you implement best-practice sun protection.

To help keep your kids safe in the sun, check your schools SunSmart status by heading to www.sunsmartnsw.com.au
